

BEING VILLAGE - RETURNING TO THE HEARTH

KUFUNDA LEARNING CAMP – JULY 26-AUGUST 4, 2017

Join us for an intergenerational learning camp in Zimbabwe, where we will make use of the very special village of Kufunda to return to a lived experience of *Being Village*.

Kufunda is a unique gateway to Africa. We are a bridge, that is both truly steeped in this land and this continent, and also very accessible to people from outside. It is a safe, yet real way into meet a part of the spirit of Africa, the Spirit of the Ancestors and the Wild that is still alive here.

In Being Village we will come together Village with Visitors and play with finding our way back to what it means to live in a meaningful, and generative relationship with each other and the land, across the generations, across the cultures. We will work with our hands, we will dance, we will sing, we will listen, we will dialogue, we will play - we will be in a process of remembering Being Village, together.

COME AS FAMILY....

All ages are welcome. Kufunda Village is an incubator of new ways of living; but also a place of spirit. It is a place where new possibilities can arise, where magic is made tangible. We invite you to come with family – your children and your mothers and fathers, your elders and those yet unborn. Community is built by all the generations, together and we need them all in this camp.

We invite you to join us amongst Kufunda's rocks, trees and people for 9 days of swimming in the river of remembering new and very ancient ways of coming together in community, in village.

During our time together...

- ◆ We will be on the land, breathing out and settling down.
- ◆ We will connect to what matters in our lives.
- ◆ We will dialogue and explore together, people from Zimbabwe, Japan, Europe, Africa, North America and other parts of the world.
- ◆ We will work and play alongside the Kufundees to experience the fullness of Zimbabwean life, art and celebration.
- ◆ We will visit one of the rural villages that learns with Kufunda, sinking deeper into the root system of Africa.
- ◆ We will meet with people from Harare doing their bit to bring positive change, and
- ◆ We will converse with the wild animals of Zimbabwe.

We are inviting us all to step into an intergenerational and trans-local learning and co-creation space.

We will explore with our hands, hearts and minds. We will learn - and play - with the youngest to the oldest.

One of the things we've been learning in Zimbabwe over the last decade is how to dance with many different economies at the same time. One key question all over the world is how to be in right economic relationship with each other and with this small planet of ours. We invite you to dance with us with the economy of this gathering. Basically, we want to be able to cover all costs, contribute to the economy of Kufunda Village, and pay a reasonable fee to our three hosts.

We offer you a sliding scale of \$1200 - \$3000 USD, including lodging and food and travel in Zimbabwe. Yes, it is a wide spread. We know that each of us have different access to currency. What can you afford for this amazing experience? You pick what you consider to be a fair price and pay it.

If \$1200 is still beyond your pocketbook right now, please e-mail us and let's talk. If you are able to fit this within a training budget and can afford more, please e-mail us and let's talk as well. This is an experiment. Let's see what it takes to be in right relationship.
